New Regulations

This workshop will cover the most common reasons why the Nebraska State Patrol could make a roadside stop. We will also assist you with completing an in-house DOT Compliance Review. You will learn how your company can avoid critical and acute violations that could result in fines or even the loss of your operating authority.

**Topics that will be covered in the workshop:**

- What to expect from audits and roadside inspections
- What needs to be inspected
- DOT rules and regulations
- How to do inspections
- What are the current regulations for motor carriers
- What is the CSA program
- Maintenance procedures and required documentation
- New cell phone policy
- New hours of service

Additional topics...(to include load securement, logbooks, driver qualification, inspections/maintenance, etc.), Nebraska rules (registrations/licensing, CDLs, weigh station protocol, height, width, weight rules), and what to expect from audits and roadside inspections.

**Hands on inspection demos:**

- Trucks will be observed/inspected
